

NELSON TO FIGHT AURELIO HERRERA.

Great Battle Promised for Butte
Ring Followers on Sep-
tember 5th.

BOTH BOXERS HAVE AGREED.

Mexican Wants Weight at 128 Pounds
—Dane Insists on 130 Pounds.
Matter Will Soon Be Settled.

(Special to the "News.")
Butte, Mont., Aug. 8.—Aurelio Herrera, Mexican, and Battling Nelson, Dane, will meet in Butte on Labor day, Sept. 5. At least everything points to an arrangement of such a match and only a question of weight stands between the men in signing articles.

W. S. Nolan, manager of Montana Athletic club, wired Nelson after his victory over Eddie Hanlon at San Francisco, asking if he would meet Herrera in Butte for a purse of \$3,000, and last night received an affirmative answer. Herrera, through his manager, Lou Woods, agreed to meet Nelson, but stipulated that it must be on the same terms as in his match with Benny Yang.

This means 128 pounds and is the bone of contention. Nelson wants to meet Herrera at 130 pounds. Last night Nolan wired Herrera again and expects to have the question of weight definitely settled tonight, when preliminary arrangements will be begun for the fight. The bout will be held in the new arena, the Montana Athletic club, which is building on the road to Columbia gardens, and will probably be scheduled for 3 o'clock in the afternoon. This arena will accommodate 10,000 persons.

If these men come together in a 20 round bout, to the fight fans who have seen both boys in action, it will be worth going miles to see. Barring accidents, it will be the hardest fight ever of them ever mixed in, and it will almost surely end in a knockout.

Both boys are strong as young lions, game as the gamiest. Each is capable of absorbing a great amount of punishment, and each has a terrific wallop.

Who will be the winner?
It is a toss of the coin.
In signing up their chances, it can be said that Herrera possibly has the harder and surer punch and depends upon it almost entirely. That punch is in his right hand. He has never caused much trouble to his opponents with his left hand. He is probably faster than Nelson and has a better defense. If he is able to land that fearful right on the little Dane's jaw a couple of times in the early part of the fight, it will most likely be pay day in Mexico.

Nelson will enter the ring fresh from victory over two of the best men in the class. He will therefore be confident of holding his own with Herrera.

He is undoubtedly as strong, if not stronger than Aurelio. He can certainly take more punishment than the Mexican and will come back stronger in the closing rounds of the fight should it go near the limit.

He is capable of doing terrible execution in his fighting, and if they get to the quarters, he will give the Mexican about all he can carry. If the fight ends short of 12 or 14 rounds, the chances for the Mexican are good.

The longer it goes, the better will be Nelson's chances. It would not be greatly surprising if Murphy's fighter lays Herrera away as he did Welch, Canale and Hanlon.

"KID" MC COY IN SALT LAKE.
The Noted Fighter Will Remain Here for Some Time.

Norman Selby, known throughout the length and breadth of the pugilistic world as "Kid" McCoy, is in Salt Lake. He came here from New York and is accompanied by his wife. The noted boxer is on his way to the coast, where he expects to secure several important matches. He is making the journey by easy stages, and expects to remain in Salt Lake, his former home by the way, for a couple of weeks, and will do light training in order to keep in good condition.

It is McCoy's intention to issue a deft to Jack Munroe, Tommy Ryan, Jack O'Brien and several others. He declares that he will not again give away to much weight.

When a boy, McCoy worked here as an apprentice in John Tullidge's paint shop, and upon his arrival here, the old shop was about the first place the fighter visited.

This man McCoy has been one of the fastest boxers in the business. He is of the money and he proposes to get it through a fight. He says he is after the championship, and now that Old Man Fitz has retired, for the "steenth time" one obstacle is removed from the smooth featured fighter's path.

Now Rodenbach, the amateur champion, has decided to turn professional. McCoy, always Johnnie on the spot when anything like this happens, has beaten Ryan and the others to the good thing. If the bout can be staged in California, it should net McCoy a piece of money, by reason of his victory over Berger, the coast amateur champion.

McCoy says he is not going to San Francisco to fight Munroe for the championship fight.

Don't waste money and don't take chances in buying promiscuously. Schilling's Best are entirely safe; at your grocer's, your money goes further.

not see to count his share of the money. He employed a counter, and then had to cable home for money.

"PUGS" ON THE STAGE.

"Left Hook" Wonders if It Pays the Bruisers.

"Left Hook," writing from New York says:

"Because everybody knows that this is the silly season of pugilism and that there is no more doing in the square circle hereabouts than there is on the Sheephead Bay track while the thoroughbreds are at Saratoga, 'Big Bill' Naughton, the hippitamus of the Hearst syndicate, is trying to stir up a discussion on the question, 'Does it pay for a pugilist to go on the stage?'"

"He says Jim Jeffries found there was no money in stage work and that Bob Fitzsimmons, although he is now suffering from an attack of theatricitis, feels that when he quits the rosin arena for the footlights the people will forget him as a ring gladiator."

"Now, isn't that a fine subject to start a debate about?"

"Who in the world expects a blacksmith or a boiler-maker to rival a Sothorn or a Mansfield on the stage?"

"Jim Corbett has made a lot of money trading the boards before the footlights. So has Terry McGovern; so has John L. Sullivan—peace be unto him!—and so has 'Kid' McCoy."

"But do you suppose it was because they were actors?"

"Not on your fingers!"

"It was because they were heroes—of many a hard fought ring battle—that they were able to see them, and not because they were famous for any histrionic merit. So long as the hero worshiper exists he must have something to bow down before."

"A theatrical engagement is a mighty fine thing for a prizefighter to drop into while he is waiting for somebody that suits to come along and challenge him. There is not a 'Young Corbett' every day for Jimmy Britt, nor is there an Eddie Hanlon for 'Battling' Nelson."

"Frankie Neil is going to make a whole lot of money out of his engagement with the company playing 'The Road to Ruin' down in the Bowery this week. The box office receipts already show that. He is not asked to deliver any such lines as:

"Me lord, the carriage waits!"

"Or even, 'Curses on you! Give me back the papers!'"

"But he's on the stage, just the same."

"Frankie, the conqueror of that tough little South Brooklyn crackling, Hughie McGovern, is not going on the stage either for his health or for love of the lurid melodrama."

"He is going to appear before the footlights because he has been offered a big salary for doing so, and a whole lot of people will go to see him, no matter whether he is appearing with 'Hamlet,' 'Uncle Tom's Cabin,' 'The Road to Ruin' or 'The Road to Paradise.'"

BIKE RACES TONIGHT.
Six Motor Cycles to Compete in Five Mile Open Contest.

The six races at the saucer track this evening should be among the best of the season, and that is saying a great deal.

Manager Harry Heagren has spared no pains to arrange a splendid program, the feature of which will be a five-mile open motorcycle race. There will be at least six machines on the track in this evening's contest, and that they will furnish excitement enough for the most exacting race fan, is certain.

In the one-mile handicap professional, Samulson will be up to ride to ride from scratch, and he will have to go some to carry off the honors of this event. The program for tonight is as follows:

Five-mile open motor race. The entries up to date are W. E. Samulson, Earl Staley, J. P. Gunn, J. M. Chapman, Eddie Smith, J. W. Hudson and T. M. Sauer.

One-mile handicap, professional. Half-mile open, professional. Three-mile open lap, amateur. One-mile novice.

Next Friday night the main event of the bike races will be a match race between Hardy Downing, professional, and Iver Redman, amateur. The latter has received a special permit to enter the race. The distance will be five miles, and they will be paced by motors with wind shields. Young Redman has followed past as fast as Downing, and he believes he can beat the professional. They will make a wager of \$50 each, and Manager Heagren has offered a \$100 reward to the winner who will receive the entire purse.

Manager Heagren has a great card for next Tuesday night. He proposes that night to pull off a five-mile lap race open to all, for a \$1000 purse. The race will be a purse of \$170 offered, and the winner will receive a diamond medal. In this race there will be at least 20 riders entering, as the amateur riders will be permitted to ride. The riders have all been given notice to prepare for the big event, and some have begun training already.

For the slow amateurs, a sort of consolation event.

FULLER'S DARING FEAT.
Rode Back Board Automobile Around The Salt Palace Saucer.

One of the most daring feats ever attempted at the saucer was that accomplished by Bert Fuller, driver of Sam Newhouse's benzine buggy. Yesterday afternoon he took a backboard automobile on the track, and after weighting the thing down on one side with bags of sand, he reeled off several miles at a lively clip, shooting around the high curves in a most remarkable manner. Fuller was paid a plenty, but at all times he had perfect control of the machine, and now he has decided to give an exhibition during some race meet in the near future.

FORFEITS NOW ALL UP.
It Begins to Look Like Fight Between Jeff and Munroe.

San Francisco, Aug. 8.—The final installment of the forfeit of \$15,000, have been posted for the Jeffries-Munroe contest, the date for which is set for Aug. 26 next. Of the total amount of forfeit, Jeffries has paid in \$5,000; Munroe \$5,000, and the same amount by the Yosemite club under whose auspices the battle will be fought.

CRICKET PLAYERS MEET.
Began First Round of Match at Liberty Park Last Evening.

The first round of the cricket match at Liberty Park last evening was not completed owing to darkness. The teams were under the direction of R. H. Hoare and G. Knauff. When darkness put a stop to hostilities, the former's team had 34 runs as against nine for Capt. Knauff's men. The teams are as follows:

R. H. Hoare (Capt.) G. Knauff (Capt.)
William Hoare R. F. Hayward
A. E. Hoare E. A. Hoare

Club to Build House.
New York, Aug. 8.—Members of the Saratoga Racing association are reported to have made up their minds to build on one of the largest and finest estates in the United States and to have it open by next summer. The movement has been brought about by the closing last season of a well known restaurant because the card and roulette rooms attached to it were not permitted by the authorities to run, as they had for several years. The wealthy directors of the association have become interested in the scheme and plans will, it is said, take definite shape within a few days.

HEAD OF WOMEN'S FEDERATION
At the convention of the General Federation of Women's Clubs at Milwaukee four years ago Mrs. Sarah Platt was the choice of a majority of the delegates for president. Mrs. Platt, however, declined to become a candidate, and it became known later that she was about to be married again. At the convention recently held in St. Louis this popular member of the federation, now Mrs. Sarah Platt Decker, was

elected president. She is an ardent advocate of the right of her sex to use the ballot, and her address at the convention was entitled, "Is the Ballot of Real Value to Working Women?" Being a resident of Colorado, Mrs. Decker has had an opportunity to study the matter at first hand.

MRS. SARAH PLATT DECKER.

A SUCCESSFUL NOVELIST.
Maurice Henry Hewlett is one of the younger school of novelists who have made reputations that are likely to abide. He was born in 1861 at Addington, Kent, England, and was educated at the London International college. He did not publish anything in book form until 1895. From 1895 to 1900 he held the office of keeper of land revenue records and enrollments. He lives almost altogether in Italy and finds most of his themes in that land of sunshine. His novels are distinguished for grace of diction and charm of manner rather than for plot. Since 1900 he has devoted himself exclusively to literary pursuits.
